Explanation:

F: To make a field required for this sales stage:

- a) In the Additional Required Fields title bar, click New.
- b) On the Edit Additional Required Field page, select the field from the list.
- c) Review the tips for entering default values that appear onscreen, and then enter the value you want to have as the default (optional).

When you enter a default value, the default value is added to the record only if that field is blank. For example, if the record already has a Revenue value, specifying a default value for Revenue here will not cause the revenue amount already saved in the record to be overwritten.

- d) Save the record.
